ABOUT ME

I am a recent Computer Science graduate from the University of Malakand, with an MSc degree completed in late 2023. I have just started as a trainee Software engineer at SeeBiz PVT LTD Software Company to learn more about software development from experienced developers. I am eager to use what I learned in school in a real-world setting, learn from my senior colleagues, and help with exciting projects. I have a good understanding of programming, software engineering, and solving problems. I am committed to learning continuously and growing professionally
